A deeper and more nuanced understanding of the origins of the Cold War and British involvement in Bulgaria and the Balkans.

‘Drawing on an impressive array of primary sources, this book offers a perceptive, nuanced and judicious analysis of the evolution of British policy towards Bulgaria in the context of the breakdown of the grand alliance of World War II and the onset of the Cold War.’ —Vesselin Dimitrov, London School of Economics and Political Science

“Bulgaria in British Foreign Policy” is a timely and rigorously researched study on a valuable but rarely explored topic. Stankova has produced a work of lasting importance.’ —Matthew Worley, University of Reading

The succession of great power influences in the Balkans played a key role in shaping Bulgaria’s international place and its domestic policy. *Bulgaria in British Foreign Policy* explores Britain’s involvement in Bulgaria between 1943 and 1949 and revisits the important issue of British attitudes towards Eastern Europe. Using recently released sources from the Bulgarian and Soviet Communist parties and foreign ministries, Stankova offers new insight into the nuanced origins of the Cold War in Bulgaria, and bridges significant gaps in the treatment of the country in English-language literature.

Readership

This book will be of interest to those studying postwar and Cold War history, foreign power policies in the Balkans and British foreign policy in East and Southeast Europe.

Contents

Acknowledgements; List of Abbreviations; Introduction; Part I: Allied Cooperation during the World War: ‘What Will Be the Place of Bulgaria at the Judgement Seat?’; 1.
