### A collection of original essays by leading Classical economists in honor of Alessandro Roncaglia.

“This is a very welcome volume of stimulating essays from renowned scholars in the Classical tradition. They provide a fitting tribute to the full range of the contributions made by Alessandro Roncaglia, including on Sraffa theory of prices, and on financial and oil markets.”

—Malcolm Sawyer, Emeritus Professor of Economics, University of Leeds, UK

“Classical Economics Today: Essays in Honor of Alessandro Roncaglia” comprises a collection of original essays by leading economists who adopt a Classical approach to political economy. The essays showcase the relevance and topicality of the Classical approach, as opposed to the sterility and real-world irrelevance of mainstream economics.
